Applicant's election with traverse of Group II, claims 8-15 in the paper filed on 3-4-4 is acknowledged. The traversal is on the ground(s) that the claims define a single inventive concept and examination of both groups would not be unduly burdensome. This is not found persuasive because the reasons for insisting on restriction as stated in MPEP 808 have been clearly met.

The requirement is still deemed proper and is therefore made FINAL.
